

Cocoanut Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulatto coconut oil (which is pure and free of grease) is much better than the most expensive soap or shampoo, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two tea-spoons will make an abundance of lather, creamy lather, and cleanses the scalp thoroughly. The hair shines out easily, and removes every particle of dust, dirt, dandruff, and excessive oil. The hair dries quickly and evenly, and it leaves it soft and silky, bright, fluffy and easy to manage.

You can get mulatto coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—(Adv.)

ELEVEN PLANES WILL BE HERE ON MONDAY

VICTORY CIRCUS WILL BATTLE FOR LOAN.

Regular Battle Tank Also Scheduled to Arrive About May 4.

WILL LAND AT OGLETHORPE FIELD.

The engineer's field at Fort Oglethorpe, which is located east of Wilder's monument, was selected as the place for the landing of the aerial squadron. This site was decided upon by Capt. Chas. Phillips after making an inspection of the one at the Gulf and Country club and deciding that it was entirely too small.

Capt. Phillips left on the 1 o'clock train for Nashville to arrange for the appearance of the victory loan flying circus in that city. Joe Curtis of the zone committee, will go to Birmingham Saturday night to be present to witness the demonstration of the squadron in Birmingham on Sunday.

Arriving in Chattanooga next Monday morning the big demonstration will be given about 1:30 o'clock that afternoon.

Capt. Charles T. Phillips arrived in the city Tuesday morning for the purpose of inspecting the field pending the arrival of the flying circus for the victory loan campaign next Monday. Capt. Phillips was met at the Hotel Patten by Joe Curtis, chairman of the publicity committee for the long organization in the zone, and taken to the Chattanooga Golf and Country club to look over the site there which will probably be used for the landing. If this site will not answer the purpose, Mr. Curtis stated that it would probably be necessary to go to Fort Oglethorpe.

The flying circus is scheduled to reach this city about 1:30 next Monday afternoon, coming from Birmingham. Capt. Phillips stated that while most of the places on the route will be made by rail and the exhibits put on after they reach the designated places, there is a possibility of them making the trip from Birmingham to Chattanooga by air.

There are twenty-one officers and fifty-two enlisted men with the circus. The enlisted men are members of the 139th and 148th air squadrons and served on the British front.

As the schedule is arranged now, the squadron will make a city a day, regardless of weather conditions unless they prove to be exceedingly rough. The flying circus has chartered nine baggage cars and three sleepers to be used on the southern route. There are sixteen ships included in the squadron; however, it is probable that only eleven will participate in the display in Chattanooga. These will include several American "S. E. S.-five" ships, an Italian "S. V. A." and possibly a French "Nieuport" together with two captured German ships. The American ships will fly low over Chattanooga and drop liberty loan literature. These ships will be filled with passengers. The captured German planes will attack the American ships and a regular battle demonstration will follow. The allied ships turning on the Germans and pursuing them for quite a distance.

The victory loan flying circus squadron that will come to Chattanooga will cover a territory of thirty southern cities, including those in the Chattanooga zone and others in Tennessee. At the same time the flying circus starts to Chattanooga that it will be two other squadrons started out, one from New Orleans and the other from Los Angeles, both covering extensive territories in the east and west. Maj. Henry J. E. Miller, the commanding officer, is in charge of the squadron for this section.

In addition to the flying circus the war tank that will tour Tennessee will arrive in Chattanooga on Sunday, May 4, and arrangements will be made for its display. It is understood that the tank weighs from 10,000 to 12,000 pounds. Owing to the fact that it cannot travel over some roads there is a possibility that it will have to be transported to Chattanooga by rail.

Weimar, April 15.—Coincident with the formation of a "peace committee" by the national assembly, the Tageszeitung today printed an inspired editorial headed: "Don't Sign."

"We must not accept any peace making the independence or sovereignty of Germany doubtful."

"German domestic politics is no foreigner's business, nor should anybody dictate our army policies. If we concede France's fantastic demand, we shall no longer be a nation, but an entente province. We cannot guarantee to carry out the indemnity demands. If we are steadfast our adversaries will not yield."

COFFEE ROASTERS MEET

Say Price Not Going to Be Cheaper for a While.

Cleveland, O., April 15.—The price of coffee is not going to be cheaper for a while, according to a statement by Carl W. Brand, of Cleveland, president of the National Coffee Roasters' association, who presided at a sectional meeting here today of seventy-five coffee roasters from Ohio, western Pennsylvania, Indiana and southern Michigan.

Coffee has advanced in price on account of a severe frost in Brazil which will result in decreased crop for a long time, Mr. Brand said, and he would not be surprised to see good coffee retail at 50 cents a pound and perhaps higher in the near future.

Mr. Brand added that owing to roasters having supplies of low cost coffee on hand, which they have averaged with later high priced purchases, that advances to retail dealers and consumers have not as yet reached prices that will obtain if the present demand for green coffee continues.

For Constipation! Physic Purge or Laxative?

Everyone now and then becomes constipated; and millions are chronically in that condition. The perplexing question arises—what to use.

Purgatives and cathartics are drastic and usually cause a reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect, and certainly a much more pleasant one, can be obtained by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It acts gently, without griping. It is an especially ideal medicine for children; women, old people and others who find purges too powerful.

Only a teaspoonful is required, and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation, indigestion, headaches, flatulence and other digestive ills.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing the losses we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—50c and \$1.00.
